Stylish Fluid Protection For Wires & Cables

Our new L6 Liquid Wrap semi-rigid wraparound sleeving is engineered from tough braided polyester, and laminated with a layer of strong Mylar sheeting. This combination provides a strong and lightweight solution for any application that requires protection from repeated exposure to the elements.

The wraparound construction, with 12% edge overlap makes installation easy over existing assemblies or harnesses, and the extra wide adhesive strip ensures a positive, aggressive seal against damage from exposure.

L6 is available in 8' pre-cut sticks in Black.

L6 is ideal for marine and automotive wiring harnesses, and also for cable management in medical applications.

Colors Available:
Black (BK)

ABRASION

**Abrasion Resistance
Extreme**

**Material Destroyed-
Braid Worn Through in
Both Directions
